

Aluvia RCS 65W PD Cable with adjustable phone stand

SKU: TP1P302.7401

Categorie:

Aluvia is a versatile 120 cm USB-C to USB-C 12 pin charging cable designed for everyday convenience and performance. Featuring an integrated phone stand, it allows you to position your device both horizontally and vertically, making it perfect for watching content, video calls, and gaming. Built with a 5-core 100% copper inner structure, Aluvia delivers stable and efficient charging up to 65W, suitable for both laptops and mobile devices. In addition to fast charging, it supports data transfer speeds of up to 40 Mbps and is compatible with Android Auto and Apple CarPlay for seamless in-car connectivity. Made with RCS (Recycled Claim Standard) certified recycled TPE, ABS and polyester, the total recycled content is 31% based on the total item weight. Packed in plastic-free FSC packaging.
