

Findcard RCS recycled plastic item finder card

SKU: TP1P301.19

Categorie:

Never lose your wallet again with the ultra-thin Findcard, featuring integrated Find My technology that connects seamlessly with Apple's Find My app. With Findcard, you'll get an instant notification if you leave your wallet behind. Even if your wallet is completely lost, you can easily track it anywhere in the world using Apple's Find My network. Once you're close by, you can activate a sound to find its exact location. Findcard runs on 3 cell batteries that last up to 1 year, offering long-lasting convenience without the need for recharging. At just 2 mm thickness, Findcard fits effortlessly into your wallet without adding bulk. Made with RCS recycled ABS, it has a lower environmental impact, with 40% of its total weight consisting of recycled content. The RCS certification ensures a fully certified supply chain of recycled materials. Findcard is packaged in FSC® mix gift packaging
