This Impact AWARE™ classic beanie is a perfect lightweight beanie for year-round, everyday wear. With breakthrough recycled Poly lana yarn. An innovative blend of recycled and virgin yarn, Poly lana fibre consumes less energy and water to produce than standard yarn but with all of the same characteristics as an acrylic and polyester blend. The beanie is also embedded with AWARE™ tracer technology. With AWARE™, the use of genuine recycled fabric materials and water reduction impact claims are guaranteed. Save water and use genuine recycled fabrics. If you choose this item you save 5 litres of water. With the focus on water, 2% of proceeds of each sold Impact product will be donated to Water.org. Water savings are based on figures when compared to conventional fibre. This calculated indication is based on reliable LCA data as published by Textile Exchange in their Material Snapshots 2016.
