

Nivio RCS recycled aluminum magnetic 5W Speaker

SKU: TP1P331.1601

Categorie: Tehnologie

Nivio is a compact 5W speaker designed to deliver powerful sound wherever you go. Featuring magnetic adhesion, it securely attaches to your mobile device for easy, hands-free listening. Despite its small and portable design, Nivio delivers impressive audio performance with clear sound and strong bass that brings your music to life. The extra-strong magnets provide stable and reliable attachment, ensuring your speaker stays firmly in place during use. With an IPX4 waterproof rating, Nivio is built to handle splashes, workouts, and outdoor adventures. The built-in 500 mAh battery provides up to 5 hours of playtime, keeping your music going throughout the day. Made with RCS (Recycled Claim Standard) certified recycled aluminium and recycled ABS, including a recycled TPE charging cable. The total recycled content is 44% based on the total item weight.
