

## Nordic Drift Trail RCS Portable Infinity Pocket Pen W Compas

**SKU:** TP1ND540.0001

**Categorie:**

The Nordic Drift Trail Infinity Pocket Pen is designed for outdoor use and everyday adventures. The graphite tip slides out with the orange button for writing and retracts into the body to keep the tip protected. A webbing loop at the top allows the pen to be attached to a backpack so it is always within reach. Unlike traditional wooden pencils that write up to around 200 metres, the graphite tip of this infinity pencil can write up to approximately 20,000 metres. It writes like a regular pencil and the graphite markings can be erased while the tip wears down slowly. The pen is made with RCS certified recycled ABS. A small compass on the top provides a simple indication of direction. The item is packed in FSC® certified packaging without plastic. All Nordic Drift products are tested for quality. Because we strongly believe in the performance and durability of our gear, every item is backed by a 5-year warranty on manufacturing defects.
