

Philips 65W ultra fast PD 3-port USB wall charger

SKU: TP1P301.281

Categorie:

Are you tired of waiting for hours for your devices to charge? Say goodbye to slow charging and hello to blazing fast power with this 65W Ultra Fast PD Wall Charger that has 2 Type-C output ports and a USB-A output port. Not only does it charge your smartphones and tablets in a flash, but it can also power up your laptops, making it the ultimate all-in-one charging solution. Your devices are in safe hands with our advanced protection against overheating, overvoltage, and overcurrent. This wall charger is equipped with GaN (Gallium Nitride) technology, which not only makes it smaller and more portable, but also increases its efficiency. For a quick boost you can charge your device up to 50% in just 30 minutes
