

Thule EnRoute water bottle holder

SKU: TP2127956

Categorie:

A portable and adjustable water bottle holder designed for hiking, festivals or everyday use, keeping hydration within easy reach on the go. The adjustable fit accommodates a range of bottle sizes up to 1 litre, while a zippered pocket securely stores small essentials such as keys and money, and a mesh pocket provides quick access to your phone. Designed for comfort and practicality, it features a breathable mesh base to help prevent moisture build-up, and is made from bluesign® approved 400D nylon with a PFC-free, water-resistant finish. Finished with durable YKK zips, this lightweight holder offers reliable performance for everyday use.
