Bring your speaker wherever you go. Hanging out at the beach? Perfect! Party at the pool? Covered! Sudden rain? No worries! Your speaker is IPX7 waterproof up to 1 metre deep and max 30 minutes! After a sandy day at the beach simply rinse it off under the shower. The 10W speaker has a massive bass supported by two subwoofers on both ends of the speaker. The powerful sound is enough to keep a good sized party going until sun rise. The durable fabric and strong housing will make sure the speaker can even handle a little bump.
