

Vell computer screen side board

SKU: TP2106430

Categorie:

The Vell computer screen side board is a practical office accessory that helps improve work efficiency by keeping important notes visible and supporting better organisation. Made from acrylic, it allows you to attach sticky notes or write directly on the surface with water-based board markers. It is quick and easy to install, simply attaching to the side of your computer screen without the need for tools or complicated setup.
