

VINGA Hattasan fillet set

SKU: TP1V1658

Categorie: Casă și bucatărie

Fillet knife made of high quality Japanese 420J steel. The fillet knife has a long, thin and flexible blade - perfect for precise cuts. You can use the knife for filleting fish or carving ham for example. The set comes with metal soap that removes odours such as fish and garlic. The box also includes a tweezer to remove small bones from fish. The perfect gift for cooking enthusiasts.
