

VINGA Kaiser Fillet Set

SKU: TP11601

Categorie: Casă și bucatărie

Fish filleting set comprising filleting knife, steel-mesh glove and metal soap. The glove provides extra grip on the fish while protecting you from any mishaps. The metal soap removes odours such as fish and onions that other soaps find hard to shift. The knife is made of X50CrMoV15 German steel with a Pakkawood handle. The easy-grip handle and superb balance in the blade makes the knife comfortable and easy to work with. Size: 21 cm blade.
